**Release Date: 17 March 2020**

### **\*\* Wikwemikong Tribal Police Service to Limit Non-Emergency Office Visits \*\***

The Wikwemikong Tribal Police Service wants to reassure our community that we are taking every precaution in order to ensure that there is no interruption in the delivery of our core, essential services and that the health, safety and well-being of our Civilian Staff, our Officers and of our community members remains our top priority in following the recommendation and guideline of public health officials with the Coronavirus (COVID-19).

Effective immediately and until further notice in order to best protect our personnel and our community members, we will be initiating minor changes to some of our non-essential services in order to reduce the potential spread of illness. We will be temporarily suspending all non-essential record checks (those seeking record checks for volunteer work) and fingerprints that are not issued by a Police Officer or Court-ordered. We ask that the public only attend at our detachment if absolutely necessary for an essential Police Record Check or to comply with a court ordered sign in. Our office will remain open during regular operating hours from 8:00 a.m. and 4:00 p.m. Monday to Friday and access will be granted by using the outdoor call button.

Regular essential services will be offered through pre-arranged appointments. This will allow our personnel to ask pre-screening questions in order to reduce the potential spread of illness to our members.

We would like to thank you in advance for your patience and cooperation as we navigate through these next few weeks.

Stay Safe.

Terry McCaffrey  
Chief of Police
